Value Added Proposition

Business Plan

A Value Model

Itway distributes complex IT solutions enabling e-business architectures along **with consulting and training.**

The VAD is a business model recognized as the **most innovative** by many IT operators and by independent research firms

Fundamental link between Vendors and VARs, SIs, and Telcos.

Dynamic structure able to focus on emerging, high-value market segments

Learn it. Live it. Pass it on.

A changing market requires continuing education, to hold the updated competence that is critical to business success overall.

Itway Academy specializes in training and is focused on the transfer of skills, through

- *Certification Courses*
- *Webinars*
- *Classrooms Hands on (OpenDays experience)*

held by selected professionals.

Business Values

Mission

Our mission is to **create value** for businesses and satisfy our customers' needs through innovative solutions and services, as result of a recognized scouting capacity of **best-of-breed technology** at international level.

Vision

Understand IT business trends to manage the change.
Foresee the Internet boom and understand its importance in the IT business place before other players.
This is the competitive advantage that led ITWay VAD to its leadership, and that now allows us to offer to our **partners state-of-the-art e-business** technology.
We see IT as key **competitive advantage** in order to create social and economic wealth.

A stylized world map in a light blue color, centered on the Atlantic Ocean, serves as the background for the entire image. The map is composed of various shades of blue, with darker tones for the landmasses and lighter tones for the oceans. The text "EMPOWER YOUR IT" is overlaid on the map in a bold, white, sans-serif font.
