

Cyber Security & Resiliency generate new business value.

Itway Hellas SM SA has had Cyber Security in its DNA since 1996. Today, in an increasingly complex world, we support organizations in business growth, and with our Cyber Security & Resiliency offering, we defend against cyber-physical threats to ensure the safe and resilient operation of mission-critical systems and to drive the digital transformation of business.

Security and Safety as a whole

Analysis, design & integration services and adoption for Risk Management, Identity Protection, Hybrid Infrastructure, and Cyber Physical Resiliency, Continuous Data Protection.
Best-of-breed and proprietary solutions for the market with Value Added Distribution, training, and professional implementation services.
